

Papers Published / Accepted during April 2000 –March 2001

1. Estimation of trace Amounts of benzene in solvent Extracted vegetable oils/oilseed cakes.
A Masohan, G Parsad, M K Khanna, S K Chopra, B S Rawat and M O Garg
Analyst 125(9)1687, 2000
2. Paraffin deposition and viscosity temperature behavior of Assam Crude oil
Petroleum Science & Technology 18(7&8), 755 – 769, 2000
V C Kandwal, K M Agrawal, S P Nautiyal & H U Khan
3. Structural characteristics of solid n – paraffins component derived from mukta crude oil
*Petroleum Science & Technology*18(7&8), 889 – 899, 2000
H U Khan, R L Sharma, S P Nautiyal, K M Agrawal & P Schmidt
4. Studies on acidity, activity and coke deactivation of ZSM-5 during n-heptane aromatization.
Applied catalysis 205, (1-2),1-10, Jan 2001
S K Sahoo, N Viswanadham, N Ray, J K Gupta and I D Singh
5. Studies on physico-chemical characterization and catalysis on high surface area titania supported molybdenum hydrotreating catalysts,
Applied Catalysis A: General, 205, (1-2), 215-225, Jan 2001
S. K. Maity, M. S. Rana, S. K. Bej, J. Ancheyta-Juárez, G. Murali Dhar and T. S. R. Prasada
6. Extracted waxes from a lubricant oil base stock and their relation to composition & flow properties.
Lubrication Science (12) August 345 – 356, (2000)
H U Khan, A Sikora, S P Nautiyal, M Anwar & K M Agrawal
7. Determination of hydrocarbon group types in Middle distillates
Petroleum Science & Technology, 18(9&10), 1089-1106(2000)
S L S Sarowha, B K Sharma, B M L Bhatia, C D Sharma, D C Madhwal
8. Oxidation of tertiary nitrogen compound to n-oxide by molecular oxygen-aldehyde system in absence of metal catalyst
Synthetic Communication 31(2), 161-172 , 2001
R S Dongre, T V Rao, B K Sharma, Bir Sen, V K Bhatia
9. Origin of cracking functionality of sulfided (Ni) CoMo/SiO₂-ZrO₂ catalysts

- J Catalysis 195, 31-37 (2000)
M S Rana, B N Srinivas, S K Maity, G Murlidhar, T S R Prasada Rao
10. Hydrocarbon class type distribution of crude oils by high performance liquid chromatography
Indian J Chemical Tech 7(7), 172-177, 2000
S L S Sarowha, B K Sharma, C D Sharma, R L Sharma & D C Madhwal
 11. Physio-Chemical and compositional study of vacuum gas oil from North Gujrat crude
Indian J Chemical Tech 7(7), 1-5, 2000
G S Bhandari, J M Nagpal and M K S Aloopwan
 12. Studies on the performance of a microscale trickle-bed reactor using different sizes of diluents
Energy & Fuels 14(3), 701-705, 2000.
S. K. Bej, R. P. Dabral, P. C. Gupta, K. K. Mittal G. S. Sen, V.K. Kapoor and A.K. Dalai.
 13. Laboratory Corrosion Studies of Refinery Overhead Distillation Units
R. C. Saxena, Jiya Nand and A. Jayaraman
Corrosion Prevention & Control, 47 (2), 43 (June 2000)
 14. Alternate solvent system for iodine value determination
R B Coudhary & P P Pande
Ind J Chem Tech. 7, 165-167 (2000)
 15. Thermal properties and crystallization behaviour of solid n-paraffin components derived from mukta crude oil
H U Khan, S P Nautiyal, K M Agarwal, R L Sharma and A Sikora
Petroleum and Coal 43, 1, 13-16, 2001
 16. TiO₂-ZrO₂ mixed oxides as a support for hydrotreating catalyst
S K Maity, M S Rana, S K Bej, J Anchayatta Juvarez, G Murlidhar, T S R Prasada Rao
Catalyst Letters 72(1-2), 115-119, March 2001
 17. TiO₂-Al₂O₃ supported tungsten sulfided based hydrodesulfurisation catalysis
B N Srinivas, M S Rana, S K Maity, T Chiranzeevi, G Muralidhar, T S R Prasada Rao
ACS Petroleum Chemistry Pre Prints 45(2), 361-363, 2000

18. Cyclic voltametric studies of alumina supported Mono and bimetallic Pt₂Sn catalysts using carbon paste electrodes
Sunita R Bajaj, A Jayraman, L D Sharma, G Muralidhar, T S R Prasada Rao
J Electro Analytic Chemistry 495(1), 62-70, Dec2000
19. Spectroscopic characterization of insoluble fractions of Jodhpur Petroleum vacuum residue
B K Sharma, O S Tyagi, A Stipanovic
Preprints ACS Divn Petr. Chem 45(4), 643-646, 2000
20. FTIR microscopic studies on coupling agents –Treated natural fibers
B Singh, M Gupta, A Verma, O S Tyagi
Polymer International 49(11), 1444-1451, Nov2000
21. Future direction in hydrogen management, hydrocracking and hydroprocessing for production of quality fuels and lubricants A Report
J of Sci & Industrial Research, 60 60-62, Jan 2001
22. Trends in quality characterization and application of base oils
Chemical Business, 40 Aug, 2000
R Agarwal, S Ttripathi, I D Singh
23. Catalytic functionalities of Mo catalysts supported on titania based mixed supports for hydroprocessing
G Muralidhar, M S Rana, S K Maity, B N Srinivas, T S R Prasada Rao
Chapter 8 in “Chemistry of Diesel Fuels”, Ed by C Song, S Hsu and I Mochida
Pub by Taylor & Francis Co, London 2000
