

## PUBLICATIONS IN JOURNALS 98-99

1. Spectroscopic studies on oxidative degradation of base oil  
A Adhvaryu, J M Pervez, I D Singh & O S Tyagi  
Energy & Fuels 12, 1369-1374 Aug(1998)
2. NMR and DSC studies on base oils  
A Adhvaryu, D C Pandey & I D Singh  
Tribotest, March 1999
3. Studies on the interaction on n-paraffin in diesel fuel with long chain acrylate copolymers  
A K Chatterjee, G C Joshi, O P Gupta  
IUPAC symposium on Macro molecular New Frontiers  
Vol I, 1026-1029 (1998)
4. LAB industry in India – An overview  
A V Gomkale, H U Khan and Y Kumar  
Chemical Weekly, 157-160, Dec 8, 1998
5. A Sarowha K D P Nigam, A K Saxena & V K Kapoor  
Liquid distribution in trickle bed reactors  
AIChE J, 44, 2044, 1998
6. A Saroha, K D Nigam, A K Saxena & L Dixit  
Liquid phase RTD in trickle bed reactors  
Can J Chem Eng. 1998
7. A N Goswami, A Nanoti & S K Ganguly  
Prediction of multicomponent adsorption equilibria in carboxylic acid activate carbon systems  
Sep Sci Tech 33, 11, 1617, 1998
8. TLC-FID analysis of petroleum vacuum residues  
B K Sharma, S L S Sarowha, S D Bhagat  
Fescenius J Analy Chem 360, 539-544, 1998
9. Analysis of insolubles of petroleum vacuum residues using TLC-FID  
B K Sharma, S L S Sarowha, S D Bhagat, R K Tewari, S K Gutpa & P S Venkataramnai  
Petro Sci Tech 17 (3&4) 319, 1999
10. Catalytic transfer hydrogenation of unsaturated ketones and via amount formate  
P P Pande, G C Joshi, C S Mathur  
Syn Commun. 28(22) 4143, 1998

11. Support effects studies on  $\text{TiO}_2\text{-Al}_2\text{O}_3$  mixed oxide supported hydroprocessing catalysts  
B N Srinivas, S K Maity, V V D N Prasad, M S Rana, Manoj Kumar, G Muralidhar and T S R Prasada Rao  
Studies in Surface Science and Catalysis Series of Elsevier, Netherlands, 113, 497-472, 1998
12. Studies on the nature of gum formed in cracked naphthas  
J M Nagpal, G C Joshi, I D Singh & Krishan Kumar  
Oxidation Communication 21, 468 ( 1998)
13. The determination of accessible Pt metal fraction in Pt-Sn/ $\text{Al}_2\text{O}_3$  reforming catalysts  
L D Sharma, Manoj Kumar, A K Saxena, D S Rawat and T S R Prasada Rao, Applied Catalysis A ( General) 168, 251-259, 1998
14. Accessible metal fraction in supported platinum reforming catalysts  
L D Sharma and G Murali Dhar  
Bull. Catal. Soc. India Vol., 9 ( No. 1&2), 200-206, 1998
15. Heats of adsorption of hydrocarbons on zeolite surfaces : A mathematical approach  
Lalji Dixit and T S R Prasada Rao  
J. Chemical information and Computer Sciences, 1999
16. An integrated spectroscopic approach for the characterization of Petroleum reforming catalysts  
Lalji Dixit, 1998  
Applied Spectroscopy Reviews (USA) 31, 4, 369-472, 1998
17. A new approach to acid catalysis and hydrocarbon zeolite interaction  
Lalji Dixit and T S R Prasada Rao  
Studies in Surface Science and Catalysis Series of Elsevier, Netherlands, 113-313-320, 1998
18. Structural characterization of Petroleum Based Feedstock for Carbon Black Production  
Manoj Srivastava, I D Singh and Himmat Singh  
Petroleum Science and Technology, 17 (1-2) 67, 1999
19. Catalytic Air blowing process for Bitumen-Kinetic concepts  
P K Jain, A K Saxena, Himmat Singh  
Surface Science and Catalysis Journal Vol 113, 547-556, 1998
20. Physico-Chemical and compositional aspects of bitumen bearing residues and their instrumental characterization  
P K Jain, O S Tygai, Himmat Singh  
Petroleum Science & Technology, 5,6, 567, 1998

21. Effect of preparation method and the nature of mixed oxides catalysts on the acid strength distribution  
P Vijayanand, N Viswanadham, N Ray, J K Gupta and T S R Prasada Rao  
Studies in Surface Science and Catalysis Series of Elsevier, Netherlands 113, 999-1006, 1998
22. Acidity studies on TS-1 by ammonia adsorption on using microcalorimetry  
Prashant Kumar, J K Gupta, G Murali Dhar and T S R Prasada Rao  
Studies in Surface Science and Catalysis Series of Elsevier, Netherlands, 113,463-472, 1998
23. Studies on sepiolite supported hydrotreating catalysts  
S K Maity, B N Srinivas, V V D N Prasad, Anand Singh, G Murali Dhar and T S R Prasada Rao  
Studies in Surface Science and Catalysis Series of Elsevier, Netherlands 113, 579-598, 1998
24. Thirteenth National Symposium on catalysis  
Shailendra Tripathi and G Murali Dhar – A report  
J. Sci & Ind. Res. Vol, 56, 756-760, 1999
25. Relationship between acidity and catalytic activity of chloride alumina supported Pt-Sn catalysts  
Sunita R Bajaj, Prem Pal, J K Gupta, L D Sharma, G Muralidhar and T S R Prasada Rao  
Studies in Surface Science and Catalysis Series of Elsevier, Netherlands, Vol 113, 365-374, 1998
26. Metal phthalocyanine catalysed oxidation of organic substrates with dioxygen-aldehyde system  
T Venkateshwar Rao, Bir Sain, P S N Murthy, G C Joshi, T S R Prasada Rao  
Stu. Sur. Sci. Catal. 11, 921-926 ( 1998)
27. Role of shape selectivity in n-Heptane aromatization Reaction on Modified ZSM5  
T S R Prasada Rao, N Viswanadham, G Murali Dhar and N Ray  
ACS Symposium Series 738, 130-144, 1999
