

## CSIR-INDIAN INSTITUTE OF PETROLEUM

(Council of Scientific & Industrial Research)

P.O. IIP Mohkampur, Haridwar Road,

Dehradun-248 005, Uttarakhand

Website: [www.iip.res.in](http://www.iip.res.in)

### Basic Skill Development Training on 'Spectroscopic Analytical Techniques'

#### Introduction

With experienced and qualified staff and comprehensive state-of-the-art R&D facilities the institute maintains its leading position in conducting training programs for the personnel from refining, petrochemical, automotive, power and related user industry. More than 9000 personnel from India and abroad have been trained on different requirements.

As per the initiatives taken by the institute under 'CSIR-IIP Integrated Skill Development Training Programs' applications are invited from eligible participants for training program on 'Spectroscopic Analytical Techniques'.

Our Analytical Sciences Division is equipped with range of analytical instruments beside manpower having wide-ranging working experience and extensive knowledge base. The participants will acquire a broad working knowledge of various spectroscopic analytical testing/evaluation techniques.

#### Objectives & Scope

Training is aimed at providing in depth knowledge and hands on experience on various spectroscopic analytical techniques to those new to the R&D institute/industry or wish to develop their career further in the relevant QA/QC area with more strengthened analytical approach.

#### Contents

- |  |  |
|--|--|
| <ul style="list-style-type: none"><li>• Basics of analytical chemistry</li><li>• Qualitative and quantitative analysis : Pre-requisites</li><li>• Various sample preparations</li><li>• Analytical approaches using FTIR &amp; NMR</li></ul> | <ul style="list-style-type: none"><li>• Theory, Instrumentation &amp; analysis using<ul style="list-style-type: none"><li>a) FTIR</li><li>b) NMR</li></ul></li><li>• Data , interpretation</li></ul> |
|--|--|

#### After successful completion

With exposure to advanced analytical instrumental facilities backed by theoretical clarity, a person will be able to develop precise evaluation approach for research and development activities/quality compliances besides running routine analytical tests depending upon individual's ability and dedication in learning the skill.

#### Pre-requisites

No pre requisites beside educational qualification being M.Sc. (Chemistry)/M.Pharm  
**20 - 40** years of age.  
(Age/qualification relaxation as per Govt. of India Rules/discretion of Director, CSIR-IIP).

#### Who Should join

**Resident Indian** having desire to excel in the area of R&D/ Quality Control OR wants to acquire broad knowledge of Spectroscopic Analytical approach through exposure to instrumental testing and evaluation for competitive examinations.

Salient features of the program	
<ul style="list-style-type: none"> <li>• Theory : Practices :: 20 : 80</li> <li>• Small group of 10 Trainees in each program.</li> <li>• Interactive sessions for in-depth knowledge sharing.</li> <li>• Evaluation of trainees will consist of both Theory &amp; Practical component.</li> <li>• Certificates will be awarded on successful completion of the training.</li> </ul>
